

環境電磁工学領域

Subarea of ElectroMagnetic Compatibility

Subarea of Electromagnetic Compatibility.

Division of Electrical, Electronic and Infocommunications Engineering.

Graduate School of Engineering, Osaka University

#### Information

EMC. is researching Electromagnetic-wave engineering as basic study. We study remote sensing technology including satellite based on electromagnetic wave science. Global and local environmental monitoring and their numerical simulations have been conducting.

#### What's new !

...

[Prof. Ushio is transferred to work at Department of Electrical Engineering, Osaka University. \[2019/10/01\]](#)
